

First Impressions

are lasting. But this is only half the story with the worthy Vose. Not only does the first impression of its excellence last, but it grows deeper and deeper. Soon your feeling surmounts to a love so sweet, so appealing is Vose tone, so faithfully does the Vose fulfill your high requirements. In every detail it radiates the art of the master who conceived it. 65 years does the record of Vose achievements date back. Well is it called.

AT THE THEATERS.

At the Irt.

House Peters in "The Closed Road" is at the Irt today and tonight.

The educational feature, Paramount photographs, will also be shown today and tonight.

Tomorrow, Mary Miles Minter will be seen in "Lovely Mary," with Burton Holmes' travels as the lighter feature of the Irt program.

The musical portion of this theater's entertainments seems to be booming Irt interest.

At the Orpheum.

If it is true that theater patrons go to see stage favorites rather than to play, they will be at the Orpheum the last half of the week, beginning today, to see DeWolf Hopper.

The comedy drama in which he appears is a good one—"Sunshine Dad."

So there will not be any disappointments. In this, Hopper's second appearance on the screen, a most amusing incident occurs when a lion chases Hopper in a lively fashion. The famous comedian wins out by taming the jungle king.

While this production was being made, Governor and Mrs. Hiram T. Johnson of California visited the Griffith studios, and the lion, evidently realizing that it was his duty to perform for the governor and looking one side of his cage, strolled up beside Johnson, who promptly proceeded to put "Leo's" head and make friends with him.

The Topeka Chapter of the D. A. R. will have their meeting Saturday, May 13, at the home of Mrs. A. B. Jeffrey. The hostesses will be Miss Ethel Aldrich, Mrs. A. S. Ambler, Miss Gertrude Broughton, Mrs. A. T. Lucas, Mrs. H. A. Kingsley, Miss Dolly Martin, Mrs. H. W. Page and Miss Anna Speck.

Roll call will be responded to with the names of famous belles of Colonial days. There is to be an exhibition of quilts, some of them a hundred years old. Mrs. C. G. Bickley will read a paper on "Quilts and Weaving in Ye Olden Days." The music will be in charge of Mrs. Nellie Shepard Waynick. The election of officers will be held.

The year book gives the date of the meeting as May 19, which is a mistake.

Mrs. Albrecht Marburg has been chosen as chairman of the league committee of the Kansas Equal Suffrage association to have charge of the work of interesting Kansas women in the two enormous parades to be given in Chicago. The first of these two parades will be held in Chicago June 7, the opening day of the National Republican convention, and the second will be given June 14, in St. Louis, Mo., at the time of the meeting of the National Democratic convention. Mrs. Marburg will be among the Kansas women attending the parades.

A meeting of the executive board of the Kansas Equal Suffrage association was held this morning at the National hotel. Mrs. W. Y. Morgan, the president of the league, came from Hutchinson to conduct the meeting.

Mrs. Noble Prentiss, formerly of Topeka, will have charge of the Kansas section of the parade in Chicago. The work of the association for a while will be chiefly concerned with interesting the Kansas women in attending the parade, and the league hopes to have a good representation. A special car will be arranged for to take the Kansas delegation to Chicago.

Among the Kansas women who have already arranged to go to Chicago are Mrs. Morgan, Mrs. W. A. Johnson, Mrs. Marburg, Mrs. DeWitt, C. Nellis, Mrs. C. J. Evans, Mrs. Morgan has just returned from New York, and she says that great numbers of New York women have already bought their railway tickets and made their Pullman reservations, to attend the convention and march in the parade.

Another branch of the work planned at today's meeting was that of using the influence of the Kansas women to induce the convention to put a suffrage plank in the national Republican platform. The same effort will be made to have a suffrage clause put into the Democratic platform. Many of the states have already signed planks in the party platform for the states, and now the women are trying to have it written into the national party platforms. All the delegates to the conventions in Kansas, will be interviewed or written, with a request that they use their influence to the utmost to have equal suffrage recognized at the convention.

The association is also working for the passage of a federal suffrage amendment, and each suffrage state

Miss Anna Sweet, who is in New York, has written to friends in Topeka, giving an account of a concert she attended in that city, given as a benefit for the children of Senor Grenados, who, with his wife, went down in the Arabic, a boat sunk by submarines.

Grenados was a Spanish composer of note, who was living in New York. Miss Sweet writes:

"I heard a wonderful concert at the Metropolitan last night, given as a

benefit for the Grenados children. Paderewski, Kreisler, Pablo Casals, the famous Spanish cellist, Madame Barrientos, an eminent Spanish singer, and MacDonagh, furnished the music. Thus the numbers were given by representatives of Poland, Austria, Ireland and Spain. All of them gave their services, and the amount realized from the tickets was \$12,000. A hundred programs, signed personally by the artists, were sold at \$5 each. Madame Paderewski gave a hundred of her dolls to be sold at the concert. Casals, the cellist, was a personal friend of Grenados, and the other artists knew him also. Casals and Kreisler played many of the accompaniments and it was wonderful. The sale of the programs was such a success, that they took orders for many more. As a part of the program Paderewski played the Chopin Funeral march on the "darkened stage."

Miss Sweet continued: "I am taking daily horseback rides in Central park and on Riverside Drive. I expect to start home this week."

A Wichita girl, Miss Capitola Holmes, has been chosen to take part in the great presentation of the Shakespearean play, Julius Caesar, to be given in Los Angeles, Cal., as a part of the celebration of the Shakespearean tercentenary. This play is to be the greatest production of a Shakespearean play ever given, and it will be a tribute of American artists to the greatest dramatist the world has ever seen.

Shakespearean players of note will take part, and will give their services free. This is to be given May 19, and there will be 5,000 actors. The scene is being prepared, hills cut down and other hills built up to represent the Palatine hills.

Rome, making room for the reproduction of the Forum and the various temples surrounding it.

Miss Holmes will play the part of Lucius, in the body of the cast, with Tyrone Power as Brutus, DeWolf Hopper as Casca, Frank Keenan as Cassius, William Farnum as Antony, Douglas Fairbanks as Octavius, Sarah Truax as Calpurnia. Miss Holmes will also be premier danseuse in the court of Caesar, and on account of her beauty has been selected to lead in the luxury scene of Roman life in the garden of Caesar.

When Miss Holmes was a little girl she developed a remarkable talent for dancing and dramatic work. She went to Chicago, and at an early age became known as a dancer of ability. She is now about 18, a beautiful young woman and a favorite in the art world.

A lot of the western club women are seeing red these days. It seems that some tactless New York woman, with the best intentions on earth, recently sent out some delicate hints to the women of "the provinces," or less politely, "the sticks," on the sort of costumes the women should wear and talk with them on their trips to the Great City to attend the biennial Press dispatches have been numerous since then, describing the effect of the lieutenant governor on the women outside of New York. The women west of Philadelphia occasionally have opportunity of looking through Vogue, the Delineator, and The Elite, and it not

inexplicably happens that they get to New York to look over the styles. Hence, they resent the insult that they are not smart enough to go to a convention correctly and suitably attired.

It is generally conceded in the west that New York women just barely know that there is some part of the United States territory not situated on the Manhattan Island. They are supposed to consider Buffalo and San Francisco in about the same latitude, and they are never expected to know whether Kansas is in the Mojave desert, or the Mojave desert in Kansas.

Therefore, the western women are looking forward to the surprise they will receive when they are told that they swoop down upon them in their dress-up clothes.
